Ausley & Co.'s Daily Cotton Letter. New York, May 26.—During the past week the trading and price movement in cotton has been without any special feature beyond the extreme steadiness shown at times due to statistical position and good demand for actual cotton.

Weather reports for the week according to the Financial Chronicle indicate that except in portions of California and Tennessee as well as the coast district of Texas the crop is going well but that moisture is needed in the above states.

Amount of sight 10,094,683 bales against 11,470,712 bales last year. The cotton goods division of the dry goods trade is quiet and less active in future business and foreign trade.

Visible supply of American cotton, decrease 92,253 bales and is now 2,834,432 against 2,815,760 last year. World's takings for the week 200,000 bales.

Middling in New York 11.90 against 8.50 last year. The market is a waiting one and does not show much public buying which appears to be waiting the result of the coming government's reports of condition and acreage.

Market may remain narrow for the immediate future but any favorable news or developments will produce a higher range of values.

Given up to Die. B. Spiegel 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." For sale by W. A. D'Alemberte.

MONDAY WE WILL SELL 10-4 BLEACHED PEPPER SHEETING AT 25c.
